SUSTAINABILITY STRATEGY

Combining science, innovation and technology with the goal of unlocking the full potential of our plantations.

Developing high standard, quality-oriented products that always aim to be the superior choice for our customers.

Responsibly managing our operations using **best-in-class environmental practices** and promoting the safety of ARAUCO's workers.

Being a **virtuous actor** in the areas where we maintain operations to become an active agent for their social and economic development.

Towards a Bioeconomy

With products that come from responsible management of natural and renewable resources

**IN FACING THE
CHALLENGES FOR
